

On Tuesday 7th March we watched an English show in our classroom.

It was a storytelling based on the story of Exalibur acted by a young English girl, aged 18, working for ACLE 'Theatrimo'. Every year we repeat this kind of experience at school and we like it very much.

Storytelling is an exciting show for us because we are all time involved in acting the story wearing funny costumes, dancing, singing and gesturing. It is also very useful because we can learn a lot of new words and their correct pronunciation, we can fix grammar rules and, above all, we have fun.

Storytelling is a really stimulating way of learning English.
